

Regular Village Board Meeting Agenda - AMENDED

August 16, 2022 – 7:00 pm Village Hall, 235 Hickory Street, Pewaukee, WI 53072

- 1. Call to Order, Pledge of Allegiance, Moment of Silence and Roll Call.
- 2. <u>Public Hearings/Presentations.</u> None.
- 3. <u>Approval of Minutes of Previous Meeting.</u>
 - Minutes of the Regular Village Board Meeting August 3, 2022
- 4. <u>Citizen Comments.</u> This is an opportunity for citizens to share their opinions with Board Members on any topic they choose. However, due to Wisconsin Open Meeting laws, the Board is not able to answer questions or respond to your comments. All comments should be directed to the Board. Comments are limited to 3 minutes per speaker. Speakers are asked to use the podium and state their name and address.
- 5. <u>Ordinances.</u>
 - a. Possible Action on Ordinance No. 2022-12, Ordinance to Amend Chapter 90, Utilities, of the Village of Pewaukee Code of Ordinances
 - b. Possible Action on Ordinance No. 2022-13, Ordinance to Amend Chapter 34.134 of the Village of Pewaukee Code of Ordinances Entitled Fire Inspection Fee Payment Procedure
- 6. <u>Resolutions.</u> None.
- 7. <u>Old Business.</u>
 - a. Discussion Regarding Strategic Plan Implementation Progress
 - b. Discussion and Review of Draft Equipment Replacement and Capital Improvement Plan
 - c. Discussion and Direction on ARPA Funds
- 8. <u>New Business.</u>
 - a. Discussion and Possible Action on Digital Meeting Room for the Village Board Room
 - b. Discussion and Direction on 2023 Budget Discussion Schedule
 - c. Discussion and Possible Action on Committee Appointments
 - 1. Plan Commission 2 Members (full 3 year terms);
 - 2. Zoning Board of Appeals -1 Alternate (term to expire 4/30/24)
 - 3. Historic Preservation Commission 1 Plan Commission Member and 1 Member Architect (full 3 year term to expire 4/30/24)
 - d. Monthly Approval of Checks and Invoices for all funds July 2022
- 9. <u>Citizen Comments.</u> This is an opportunity for citizens to share their opinions with Board Members on any topic they choose. However, due to Wisconsin Open Meeting laws, the Board is not able to answer questions or respond to your comments. All comments should be directed to the Board. Comments are limited to 3 minutes per speaker. Speakers are asked to use the podium and state their name and address.

Regular Village Board Meeting Agenda - AMENDED

- 10. <u>Closed Session.</u> The Village Board of the Village of Pewaukee will enter into closed session pursuant to Wis. Statute Section 19.85(1)(e) for the purpose of deliberating or negotiating the purchasing of public properties, the investing of public funds, or conducting other specified public business, whenever competitive or bargaining reasons require a closed session, specifically regarding Riverside Preserve Developers Agreement; and pursuant to Wis. Statute Section 19.85(1)(g) for the purpose of conferring with legal counsel for the governmental body who is rendering oral or written advice concerning strategy to be adopted by the body with respect to litigation in which it is or is likely to become involved, specifically regarding the Wisconsin Department of Natural Resources; and Menard Assessment litigation.
- 11. <u>Reconvene Into Open Session</u>.
 - a. Possible Action on Consent Agreement with Wisconsin Department of Natural Resources Regarding Well #2
 - b. Possible Action on Settlement Agreement Regarding 2020 and 2022 Menard Assessments
 - c. Possible Action on Development Agreement between Village of Pewaukee and 321 Riverside Partners, LLC
 - d. Possible Action on Resolution No. 2022-11 Initial Resolution Authorizing \$2,395,000 General Obligation Bonds for Community Development Projects in Tax Incremental District No. 4
 - e. Possible Action on Resolution No. 2022-12, Resolution Providing for the Sale of Not to Exceed \$2,395,000 Taxable General Obligation Community Development Bonds

12. Adjournment.

Note: Notice is hereby given that a quorum of a Village Committee and/or Commission may be present at the Village Board meeting, and if so, this meeting shall be considered an informational meeting of that Committee or Commission and no formal action of that Committee or Commission shall occur. Upon reasonable notice, efforts will be made to accommodate the needs of disabled individuals through appropriate aids and services. To request such assistance, contact the Village Clerk at 262-691-5660.

8/3/2022 Village Board Meeting

Meeting Minutes

VILLAGE BOARD REGULAR MEETING MINUTES August 3, 2022

DRAFT-DRAFT-DRAFT-DRAFT

1. Call to Order and Roll Call

President Knutson called the meeting to order at approximately 7:00 p.m.

Village Board members present: Trustee Ed Hill, Trustee Bob Rohde, Trustee Kelli Belt, Trustee Chris Krasovich, Trustee Craig Roberts, Trustee Jim Grabowski, and President Jeff Knutson.

Also Present: Village Attorney, Mark Blum; Administrator, Scott Gosse; Director of Public Works, Dan Naze; Police Chief, Tim Heier; Park and Recreation Director, Nick Phalin; and Village Clerk, Cassie Smith.

2. Public Hearings/Presentations - None

3. Approval of Minutes of Previous Meeting

a. Minutes of the Regular Village Board Meeting – July 19, 2022

Trustee Hill motioned, seconded by Trustee Grabowski to approve the July 19, 2022 minutes of the Regular Village Board meeting as presented with the following changes: ~Add Deputy Chief Mark Garry to the also present section.

~Update the motion for 3a to read Trustee <u>Grabowski</u> motioned, seconded by Trustee <u>Hill</u> to approve...

~Update the vote in 5b to read Motion carried 6-1; Trustee Belt voted nay.

~Update the first sentence in 7b to read, Trustee Belt stated <u>several</u> businesses were contacted. **Motion carried 7-0.**

4. Citizen Comments -

Bonnie Gluth @ 427 High St - Ms. Gluth thanked the Village Board for making the Village a good place to live. The speed bumps were a great addition to the downtown area. She suggested placing one at the intersection on Oakton Ave. The stop signs during the special events are helpful and the police security is great.

Steve Koltner @ Still River Dr- Mr. Koltner thanked the Village Board for their hard work. He expressed his concerns about the oil on the road which is not conducive for bicycles. The speed bumps are dangerous for bicycles and he proposed a one-way street along the lakefront. He thanked the DPW for street sweeping.

Zach Stephens @ 161 W. Wisconsin Ave - Mr. Stephens spoke regarding the UW-Madison Community Design and Planning Services 2022 – 2023 Capstone application, stating he is not in favor of that item moving forward.

Mary Mullen @ 316 Lake St - Ms. Mullen stated that she likes the speed bumps and recommended closing the downtown for all cars.

5. Ordinances

a. Possible Action on Ordinance No. 2022-11, Ordinance to Create Chapter 86, Article III, Division 3, Section 86.114(f) and Chapter 86, Article III, Division 3, Section 86.119.5(f) of the Village of Pewaukee Code of Ordinances Regarding Parking Restrictions on Dynex Drive Administrator Gosse stated that this was recommended by the Public Works & Safety Committee in response to Healing Haven's request to provide customers who may be impaired the ability to access her business with ease. The Committee compromised on one-hour parking with no parking on the west side of Dynex Drive from Capitol Drive to approximately 200' south of Capitol Drive. Trustee Roberts motioned, seconded by Trustee Hill to approve Ordinance No. 2022-11 to Create Chapter 86, Article III, Division 3, Section 86.114(f) and Chapter 86, Article III, Division 3, Section 86.119.5(f) of the Village of Pewaukee Code of Ordinances Regarding Parking Restrictions on Dynex Drive as presented. Motion carried 7-0.

- 6. Resolutions None.
- 7. Old Business None.
- 8. New Business

a. Presentation, Discussion and Possible Acceptance Regarding Water System Master Plan Draft Report

Ruekert Mielke representative, Don Heikkila gave an overview of the completed water system master plan. Mr. Heikkila reviewed the scope of work, existing supply, storage facilities, system overview, population growth, estimated future uses, and recommendations. The costs of recommendations were roughly \$6.2 million between the years 2022-2025, \$3.3 million between the years 2026-2030, and \$1.4 million between the years 2031-2035. Director Naze stated that most of the recommendations are already accounted for in the 10-year capital improvement plan. Mr. Heikkila stated that the Village should look into an intergovernmental agreement with Sussex as a backup for the Hawthorne Hill Subdivision water pressure zone. Discussion followed regarding specific areas within the Village.

b. Discussion and Possible Action on National MS Best Dam Tour Bike Ride 2022 Special Event Permit Application

Administrator Gosse stated that this event is held annually but has been extended to two days, Saturday and Sunday. The Police Department reviewed the plans and will be assisting in safety during the event.

Trustee Rohde motioned, seconded by Trustee Grabowski to approve the National MS Best Dam Tour Bike Ride 2022 Special Event Permit with the following conditions as presented:

1. Provision of a Certificate of Insurance (1 million dollars minimum coverage) and provision of a copy of the "additional insured" endorsement with each naming the Village of Pewaukee as an additional insured as the event may include temporary road closures.

2. Referencing that the basis of approval for this event is that the proceeds from the event benefit a regional population by providing funding for Multiple Sclerosis research.

3. The event participants shall leave the WCTC Campus and return to the WCTC Campus using the driveway located between parking lots 1 and 2 at the north end of the Campus.

4. The National MS Society - Wisconsin Chapter shall be responsible for reimbursing the Village for event staffing costs related to this event with payment being made within 30 days of invoicing. **Motion carried 7-0.**

c. Discussion and Possible Action Regarding Funds from Parks & Recreation Sales Tax Amendment

Director Phalin presented the request to deposit funds from the refund of sales tax into the capital improvement plan in the amount of \$8,678.74. Funds were recuperated from a sales tax amendment (2017-March 2022) filed with the Department of Revenue in 2021.

Trustee Grabowski motioned, seconded by Trustee Rohde to approve the \$8,678.74 of refunded taxes to be placed into the Park Improvement Fund. Motion carried 7-0.

d. Discussion and Direction Regarding Parking on Lake Street Between Lookout Drive and Prospect Avenue

Trustee Krasovich stated that residents are concerned about the safety on Lake Street at the bottom of Lookout and Prospect Ave. One suggestion was that the ability for parking on both sides of the street may help the flow of traffic. Trustee Rohde expressed that he believes this is a school district problem. Trustee Hill is concerned that parking on both sides of the street may cause visibility concerns. Trustee Grabowski stated that this item has been brought to the Board about 4 times in the past and he is willing to agree to a trial of parking on both sides of the street. Trustee Belt suggested that maybe the School District could be contacted to adjust their flow of traffic and suggested incorporating the school district in the discussions. Trustee Roberts believes this is not a new issue, he is in favor of 2-3 hour parking. Chief Heier stated that in 2019 a group of 6-8 residents showed up to a meeting but rectifying the issue is still yet to be completed. They have issued warnings and citations but it has not fixed the issue. Director Naze suggested removing the "No Parking" signs and monitoring it once school is back in session. The consensus was to allow parking on both sides of the street and report back with findings around November.

e. Discussion and Direction Regarding UW-Madison Community Design and Planning Services 2022 – 2023 Capstone Project Application

Administrator Gosse stated that Planner Censky forwarded the UW Madison information to him for design and planning services as an option to consider related to the downtown visioning. This could be a good way to get new ideas and vision opportunities for the downtown area with little expense. The TID has about \$20,000 allocated to downtown study that could be utilized. Discussion followed regarding the scope of work and the timing of the project.

Trustee Rohde motioned, seconded by Trustee Grabowski to approve moving forward with the application process for the UW-Madison Community Design and Planning Services 2022 – 2023 Capstone Project to include the lakefront and Oakton Avenue from the lakefront to the railroad tracks.

Motion carried on roll call vote 6-1; President Knutson voting nay.

f. Discussion and Possible Action on Committee Appointments

1. Plan Commission – 3 Members (full 3 year terms)

Trustee Roberts motioned, seconded by Trustee Rohde to re-appoint Brian Belt to the Plan Commission to the term ending April 30, 2025 as presented. Motion carried 7-0

2. Zoning Board of Appeals – 1 Member (full 3 year terms); 1 Alternate (term to expire 4/30/24)

Trustee Rohde motioned, seconded by Trustee Hill to approve the appointment of Eric Krasovich as a regular member of the Zoning Board of Appeals as presented. Motion carried 7-0.

3. Historic Preservation Commission – 1 Plan Commission Member and 1 Member Architect (full 3 year term to expire 4/30/25) No action was taken.

g. License Approvals and Vendor Permits

1. Food Vendor Permits

Trustee Krasovich motioned, seconded by Trustee Hill to approve the food vendor permits for Las Virella's Food Truck and Pina Mexican Eats as presented for the Rough Riders Car Show at Kiwanis Village Park on August 20, 2022. Motion carried 7-0.

2. Agent Change

Trustee Roberts motioned, seconded by Trustee Krasovich to approve the change of agent for Costco Wholesale Corp located at 443 Pewaukee Rd to be updated to Jeremiah Ettinger as presented.

Motion carried 7-0.

9. Citizen Comments -

Linda Miller-Deppe @ 326 Lake Street - Ms. Miller-Deppe expressed her concern about the fence at the corner of Lake and Prospect. She believes the capstone project is a good idea. She was unable to be at the last meeting but she expressed concern about letting a business in that has been denied by neighboring communities.

Megan Knoust @ 161 W Wisconsin Ave #2J - Ms. Knoust stated she owns a spa on W. Wisconsin and suggested that parking meters be placed along the beachfront. She asked that everyone, business owners, and the Village work together on a solution in the downtown area. Removing parking will hurt her business. She suggested crossing flags.

10. Closed Session – The Village Board of the Village of Pewaukee will enter into closed session pursuant to Wis. Statute Section 19.85(1)(e) for the purpose of deliberating or negotiating the purchasing of public properties, the investing of public funds, or conducting other specified public business, whenever competitive or bargaining reasons require a closed session, specifically regarding Riverside Preserve Developers Agreement.

Trustee Hill moved, seconded by Trustee Rohde to move into Closed Session at approximately 9:10 p.m.

Motion carried on roll call vote 7-0.

11. Reconvene into Open Session Trustee Hill moved, seconded by Trustee Rohde to reconvene into Open Session at approximately 9:31 p.m. Motion carried on roll call vote 7-0.

12. Adjournment

Trustee Rohde moved, seconded by Trustee Krasovich to adjourn the August 3, 2022, Regular Village Board meeting at approximately 9:32 p.m. Motion carried 7-0.

Respectfully Submitted,

Casandra Smith Village Clerk To: Jeff Knutson, Village President Village Board
From: Village Treasurer, Haack
Date: August 16, 2022
Re: Agenda Item <u>5a</u> , Discussion and Possible Action on Imposing a Sewer Service Charge for Sewer Deduct Weters

BACKGROUND

Village staff has evaluated the current process for sewer deduct meters and the need for a service charge to offset subsidizing the costs of utilizing the deduct meter service.

ACTION REQUESTED

The action requested of the Village Board is to approve the recommendation of imposing a quarterly sewer deduct meter service charge based on the meter size.

ANALYSIS

Staff has determined meters used for billing purposes need to be installed, owned, and maintained by the utility. In the past, this has been a free service offered with the purchase of a customer owned meter. We have 411 deduct meters currently installed in the Village. Of those, there are approximately 60 customer owned meters that are not read electronically during the regular meter reads and instead, they manually read their meters. This process is done through written reads on post cards returned to our office, entered during billing without any further verification. Recognizing the importance that the sewer utility should follow suit of rules and regulations imposed on the water utility to keep things uniform, non-discriminatory and clear.

Last year in 2021, our office conducted a deduct meter audit for those that turn in manual reads to ensure accuracy. Through this audit, we found some owners did not read their meters accurately or consistently and then wanted credit for several quarters, sometimes having a credit higher than their actual read/usage in that current quarter. This creates influxes in revenues and makes budgeting a challenge.

The quarterly service charge will offset costs incurred for the deduct meter service. The additional meter and cellular radio transmitter are an initial upfront expense to the sewer utility. Fortunately, the prices of the initial purchase of inventory were locked in before inflation hit. Future meters will be at an increased cost between 7% and 16%. The charge will also help recuperate the monthly fee charged to the utility by Beacon to read and operate the cellular transmitting service, quarterly billing, the additional time to install and troubleshoot the meter or replace as needed, and annual testing of meters for anything larger than 2" that must be tested by third party.

The following shows the sewer deduct service charge based on meter size. The amount of increase in size replicates the same percentage increase the Public Service Commission used for the water service charge.

Meter Size	:	Sewer Deduct Service Charge	Gal/Year to Breakeven
5/8"	\$	40.00	24,000
3/4"	\$	40.00	24,000
1"	\$	60.00	36,000
1- 1/2"	\$	100.00	56,000
2"	\$	145.00	84,000
3"	\$	235.00	132,000
4"	\$	355.00	200,000
6"	\$	635.00	360,000

STATE OF WISCONSIN VILLAGE OF PEWAUKEE

WAUKESHA COUNTY

ORDINANCE NO. 2022-12

Ordinance to Amend Chapter 90, Utilities, of the Village of Pewaukee Code of Ordinances

SECTION I

WHEREAS there is a desire to amend the Village Code related to exempt water meters and miscellaneous revisions to water utility regulations.

SECTION II

NOW, THEREFORE, the Village Board does hereby ordain to amend various sections of Chapter 90 of the Municipal Code of the Village of Pewaukee to read as follows:

Sec. 90.108. Definitions.

For the purpose of this article, the following definitions shall be used. Words used in the present tense include the future, the singular number includes the plural number, and the plural number includes the singular number. The word "shall" is mandatory and not directory, while the word "may" is permissive.

Billable biochemical oxygen demand (BOD) means a user's loading in pounds of BOD calculated using the billable flow and concentration of BOD in the waste as determined by the Village of Pewaukee. Minimum waste strength of BOD shall be the domestic waste concentration of 200 milligrams per liter for the purpose of billing for user charges.

Billable flow means a user's recorded quarterly water usage as metered by the appropriate water utility, plus metered water from wells and other sources, and less any sewer-exempt metered data, times the approved percentage factor for wastewater entering the sewer system out of the metered water. Devices for measuring the volume of waste discharged shall be required by the approving authority. *Village approved metering devices for determining the volume of waste shall be installed by the owner.* One of the following two methods shall be used to measure the volume of waste discharged:

- (1) Metering of actual waste discharged through the individual sewerage system. The cost of installation of an approved metering manhole with control flume section and the purchasing of the approved meter and the initial installation shall be borne by the owner.
- (2) Metering of total water usage less the metering of exempt water for non-sewage-producing processes and uses. The cost of purchasing the approved exemption water meter and the initial-installation shall be borne by the owner. Residential and commercial use metering devices up to 1¼ inches in diameter shall be owned and maintained by the owner. Ownership and-maintenance of commercial use metering devices over 1¼ inches in diameter and all industrial use metering devices shall be transferred to the approving authority after initial installation by the owner. A sewer deduct meter eenshall be installed by the utility upon request of the homeownerproperty owner. The homeownerproperty owner is responsible for paying the quarterly meter charge, subject to change per annual fee schedule, as well as any and all plumbing modifications to install the meter and all permits and inspections required for this work.

Following approval and installation, such metering devices shall not be removed except by action of the utility, without the consent of the approving authority. Unless by utility.

Formatted: Font: Times New Roman, 11 pt, Strikethrough

Formatted: Font: Times New Roman, 11 pt, Strikethrough

Formatted: Font: Times New Roman, 11 pt, Strikethrough

Formatted: Font: Times New Roman, 11 pt, Strikethrough *Billable total suspended solids (TSS)* means a user's loading in pounds of TSS calculated using the billable flow and concentration of TSS in the waste as determined by the village. Minimum waste strength of TSS shall be the domestic waste concentration of 250 milligrams per liter for the purpose of billing for user charges.

Biochemical oxygen demand (BOD) means the quantity of oxygen, expressed in milligrams per liter (mg/l), utilized in the biochemical oxidation of organic matter under standard laboratory procedures in five days at 20 degrees Celsius.

Classes of users means the division of wastewater treatment customers by waste characteristics and process discharge similarities or function, such as residential, commercial, institutional, industrial or governmental.

Commercial user means, for the purpose of the user charge system, a user engaged in the purchase or sale of goods or in a transaction or business or who otherwise renders a service.

Debt service charge means the charges levied to customers of the wastewater treatment works system, which are used to pay principal, interest and administrative costs of retiring the debt incurred for the wastewater treatment works.

Dissolved solids means that concentration of matter in the sewage consisting of colloidal particulate matter one micron in diameter or less, and both organic and inorganic molecules and ions present in solution.

Domestic level user or *residential user* means for the purpose of the user charge system, a user whose premises or building is used primarily as a domicile for one or more persons and whose wastes originate from the normal living activities of its inhabitants.

Floatable oil means oil, fat or grease in a physical state such that it will separate by gravity from wastewater.

FRWPCC means the Fox River Water Pollution Control Center.

1

Garbage means solid wastes from the domestic and commercial preparation, cooking and dispensing of food, and from the commercial handling, storage and sale of produce.

Industrial user means, for the purpose of the user charge system, a manufacturing or processing facility engaged in a production or profit-making venture.

Industrial waste means any waterborne solids, liquids or gaseous wastes other than domestic wastewater discharging from, flowing from or escaping from any commercial, industrial, manufacturing or food processing operation or process or from the development of any natural resources or any mixture of these with water or domestic wastewater.

Infiltration means the water unintentionally entering the public sewerage system, including sanitary building drains and sewers, from the ground through such means as but not limited to defective pipes, pipe joints, connections or manhole walls. Infiltration does not include and is distinguished from inflow.

Infiltration/inflow means the total quantity of water from both infiltration and inflow without distinguishing the source.

Inflow means the water discharged into a sanitary sewer system, including building drains and sewers, from such sources as but not limited to roof leaders; cellar, yard and area drains; foundation drains; unpolluted cooling water discharges; drains from springs and swampy areas; manhole covers; cross connections from storm sewers and/or combined sewers; catch_basins; stormwaters; surface runoff; street wash waters, or drainage. Inflow does not include and is distinguishable from infiltration.

Interference means the inhibition or disruption of the Brookfield Fox River wastewater treatment system that may contribute to a violation of any requirements of its WPDES permit.

National pollutant discharge elimination permit means a permit issued under the National Pollutant Discharge Elimination System (NPDES) for discharge of wastewaters to the navigable waters of the United States pursuant to section 402 of PL 92-500, as amended.

Natural outlet means any outlet, including storm sewers and combined sewer overflows, into a watercourse, pond, ditch, lake or other body of surface water or groundwater.

Normal domestic strength sewage means wastewater or sewage having an average daily suspended solids (SS) concentration of not more than 300 milligrams per liter, an average daily BOD of not more

than 250 milligrams per liter, and not more than ten milligrams per liter phosphorous (P) or any toxic substances beyond an established level.

Operation and maintenance costs includes all costs, direct and indirect, not including debt service but inclusive of expenditures attributable to administration, replacement of equipment, and treatment and collection of wastewaters, necessary to ensure adequate wastewater collection and treatment on a continuing basis that conforms to applicable regulations and assures optimal long-term facility management.

Permit means an industrial wastewater discharge permit issued by the village.

Person means any individual, firm, company, association, society, corporation or group discharging any wastewater to the wastewater treatment facility.

pH means the intensity of the acid or base condition of a solution, calculated by taking the logarithm of the reciprocal of the hydrogen ion concentration. The concentration is the weight of hydrogen ions in grams per liter of solution.

Pollutant means any introduced substance that adversely affects the usefulness of a resource.

Pretreatment means the treatment of industrial sewage from privately owned industrial sources by the generator of that source prior to introduction of the waste effluent into a publicly owned treatment works.

Pretreatment standards means any regulations containing pollutant discharge limits promulgated by the United States Environmental Protection Agency (U.S. EPA) in accordance with section 307(b) and (c) of the act (33 USC 1347) and which applies to a specific category of industrial users (hereafter "act").

Public sewer means a sewer owned and controlled by the village.

Replacement costs means the expenditures for obtaining and installing equipment, accessories, or appurtenances necessary during the service life of the treatment works to maintain the capacity and performance for which such works were designed and constructed. The term "operation and maintenance costs," as defined in this section, includes replacement costs.

Sanitary sewer means a sewer that carries only wastewaters from residences, commercial buildings, industrial plants and institutions and to which stormwater, surface water and groundwater are not intentionally admitted.

Sewage means the combination of the liquid and water-carried wastes from residences, commercial buildings, industrial plants and institutions, including polluted cooling water and unintentionally admitted infiltration/inflow.

Sewer service charge means charges levied in order to recover the total annual operation, maintenance, replacement and debt service costs for the village's wastewater treatment works. All users shall be notified annually concerning which part of their service charge is attributable to operations, maintenance and replacement and which part is attributable to debt service.

Shredded garbage means garbage that has been shredded to such a degree that all particles will be carried freely under the flow conditions normally prevailing in public sewers.

Significant industrial user or significant user means any user who has a discharge of 25,000 gallons or more per average workday; or has a flow equal to or greater than five percent of the average dry weather hydraulic or organic capacity of the FRWPCC; or is subject to National Categorical Pretreatment Standards; or is designated as such on the basis that the industrial user has potential for adversely affecting the FRWPCC operation or for violating any pretreatment standard or requirement.

Slug means a discharge of a nonroutine, episodic nature, including but not limited to an accidental spill or a noncustomary batch discharge.

Standard Methods means the laboratory procedures set forth in the following sources:

- Standard Methods for the Examination of Water and Wastewater, 13th Edition, as amended, prepared and published jointly by the American Public Health Association, American Water Works Association, and Water Pollution Control Federation;
- (2) Methods for Chemical Analysis of Water and Wastes, 1971, prepared and published by the Analytical Quality Control Laboratory, U.S. Environmental Protection Agency;

(3) Guidelines Establishing Test Procedures for the Analysis of Pollutants, enumerated in 40 CFR 136.1 et seq. (1975), as amended; and/or

Any other procedures recognized by the U.S. Environmental Protection Agency and the Wisconsin Department of Natural Resources.

Storm sewer means a sewer that carries only stormwaters, surface runoff, street wash and drainage and to which sanitary and/or industrial wastes are not intentionally admitted.

Suspended solids (SS) or total suspended solids (TSS) means total suspended matter that either floats on the surface of or is in suspension in water, wastewater or other liquids and is removable by laboratory filtration as prescribed in Standard Methods.

Total solids means the sum of suspended and dissolved solids.

Toxic amount means concentration of any pollutant or combination of pollutants that, upon exposure to or assimilation into any organism, will cause adverse effects, such as cancer, genetic mutations and physiological manifestations, as defined in standards issued pursuant to section 307(a) of PL 92-500, as amended.

Unpolluted water means water of a quality equal to or better than the effluent criteria in effect, or water that is of sufficient quality that it would not be in violation of federal or state water quality standards if such water were discharged into navigable waters of the state. Unpolluted water would not be benefited by discharge to the sanitary sewers and wastewater treatment facilities provided.

Useful life means the anticipated term in years of physical and/or functional productivity of elements and/or the whole of the wastewater treatment system which can be reevaluated as a result of preventive maintenance, renewal that offsets physical and/or functional obsolescence, renewal of capital elements due to consumption, and physical and/or functional betterments, direct or indirect.

User charge system means the system of charges levied on users for the cost of operation and maintenance, including replacement costs for new and old wastewater collection and treatment facilities.

Volatile organic matter means the material in the sewage solids transformed to gases or vapors when heated at 500 degrees Celsius for 15 minutes.

Wastewater treatment works means the structures, equipment and processes required to collect, transport and treat domestic and industrial wastes and to dispose of the effluent and accumulated residual solids.

Watercourse means a natural or artificial channel for the passage of water, either continuously or intermittently.

Waterworks means all facilities for water supply, treatment, storage reservoirs, water lines, and services and booster stations for obtaining, treating, and distributing potable water.

WPDES permit means a permit to discharge pollutants obtained under the Wisconsin Pollutant Discharge Elimination System (WPDES), pursuant to Wis. Stats. ch. 283.

(Ord. No. 427, § I(7), 5-7-1996)

Cross reference(s)—Definitions and rules of construction generally, § 1.101.

Sec. 90.136. Village water.

utility.

- (a) The village water utility shall be managed by the public works and safety committee, which committee shall have the powers described in Wis. Stats. § 66.068, as well as the Village's rate tariff from the PSC and Chapter 195 of the Wisconsin Statutes and the Wisconsin Administrative Code provisions related to the PSC, together with such other powers and duties as may be vested in it, from time to time, by the village board.
- (b) The public works and safety committee shall have such general powers in the construction, extension, improvement and operation of the water utility as shall be contained in the rules and regulations adopted by the public works and safety committee and approved by the village board. Such rules and regulations shall be adopted in ordinance form after such approval.

(Ord. No. 2019-08, § III, 7-2-2019)

Sec. 90.137. Water utility rates.

Schedules of utility rates shall be formulated by by the village public works and safety committee and all rates and schedules shall be approved by the village board before the committee may submit such schedules to the Ppublic sService eCommission for formal review and approval, presented to public works and safety committee for acceptance and implementation before going to the village board for final acceptance and implementation of new rates. (Ord. No. 2019-08, § IV, 7-2-2019)

Sec. 90.138. Water utility rules and regulations.

The village public works and safety committee shall prepare rules and regulations pertaining the operation of the village water utility, which rules shall be first approved by the village board and thereafter, filed with the public service commission before they shall become enforceable. (Ord. No. 2019-08, § V, 7-2-2019)

Sec. 90.139. Water utility public work contracts.

All water utility public work contracts over the sum of \$1,000.00 shall be entered into on behalf of the public works-

and safety committee by the village board. All actual construction work shall be under the immediate supervision of the village board or its designated agent.

(Ord. No. 2019-08, § VI, 7-2-2019)

Sec. 90.141. Water conservation related to lawn sprinkling.

- (a) Unattended outdoor village water use. All water use, other than hand-held uses shall only be permitted on the following schedule, including weekends and holidays:
 - (1) Even-numbered addresses on even-numbered dates of the month.
 - (2) Odd-numbered addresses on odd-numbered dates of the month.
 - (3) The hours shall be before 8:00 a.m. and after 8:00 p.m.
- (b) Hand-held water. Use hand-held watering for flowers, gardens, trees, shrubs lawns, car washing, wading pools under 50 gallons and recreational purposes will be permitted at all times.
- (c) *Water run-off prohibited.* Outdoor village water use that permits the water to run off to ditches, gutters, inlets, drains, and pavements is strictly prohibited.
- (d) Emergency water restrictions/sprinkling bans. The village administrator and/or director of public works or designee may implement emergency water restriction measures, such as lawn sprinkling bans, during time periods where drought conditions exist or utility infrastructure concerns may warrant, such as well pumping failures. Emergency restrictions shall remain in place until such time that the conditions causing the emergency measures are no longer present.
- (e) *Penalty*. Any person who violates any provision of this section shall be subject to a penalty as provided in section 1.102 of this Code.

(Ord. No. 2003-3, §§ 1, 2, 4-2-2003; Ord. No. 2012-09, § 1, 7-17-2012)

Editor's note(s)—Ord. No. 2003-3, §§ 1, 2, adopted April 2, 2003, amended the title of § 90.141 to read as herein set out. Formerly, said title pertained to similar subject matter.

Sec. 90.143. Established.

<u>A Reserved Capacity Assessment (RCA) fee isA connection fee</u> set by the village board and shall be paid for each new water connection in the village. This fee shall be levied for each residential equivalent unit. A residential equivalent unit is defined as a single-family dwelling unit, be that unit a single-family residence, an apartment unit or a condominium unit. For example, a four-unit apartment would have four residential equivalent units. Residential equivalent units for nonresidential users shall be calculated as required by the village board. (Ord. No. 397, § 1(13.11), 5-8-1993)

SECTION III

All ordinances or parts of ordinances contravening the terms and conditions of this ordinance are hereby to that extent repealed.

SECTION IV

The several sections of this ordinance shall be considered severable. If any section shall be considered by a court of competent jurisdiction to be invalid, such decision shall not affect the validity of the other portions of the ordinance.

Formatted: Font: Times New Roman, 11 pt, Strikethrough

SECTION V

This ordinance shall take effect upon passage and publication or posting as approved by law, and the Village Clerk shall so amend the Code of Ordinances of the Village of Pewaukee, and shall indicate the date and number of this amending ordinance therein.

Passed and adopted this ______day of ______ 2022 by the Village Board of the Village of Pewaukee.

APPROVED:

Countersigned:

Jeffrey Knutson, Village President

Cassie Smith, Village Clerk

- To: Jeff Knutson, President Village Board
- From: Scott A. Gosse Village Administrator
- Date: August 11, 2022
- Re: Agenda Item <u>5b</u>, Possible Action on Ordinance No. 2022-13, Ordinance to Amend Chapter 34.134 of the Village of Pewaukee Code of Ordinances Entitled Fire Inspection Fee Payment Procedure

BACKGROUND

Current code language states that fire inspection fees shall be billed at the end of the first quarter each year. Staff is requesting Village Board consideration of a change to the ordinance for fire inspection fee payment to state that the annual fire inspection charge will be added to the annual property tax bill as a special charge for current services.

ACTION REQUESTED

The action requested of the Village Board is to adopt Ordinance No. 2022-13, Ordinance to Amend Chapter 34.134 of the Village of Pewaukee Code of Ordinances Entitled Fire Inspection Fee Payment Procedure.

ANALYSIS

As noted above, the request of the Village Board from staff is to change the billing process for fire inspections from an annual first quarter billing to an annual charge on the real estate property tax bill as a special charge for current services. It should be noted that properties exempt from real estate taxes would still be billed annually for their fire inspection fees. Adding the fire inspection fee to the property tax bill would simplify the billing, save staff time (by eliminating a special billing process for this purpose), billing costs and help reduce billing errors by not maintaining a separate billing database.

ORDINANCE NO. 2022-13

ORDINANCE TO AMEND CHAPTER 34.134 OF THE VILLAGE OF PEWAUKEE CODE OF ORDINANCES, ENTITLED FIRE INPSECTION FEE PAYMENT PROCEDURE

The Village Board of the Village of Pewaukee, Waukesha County, Wisconsin, do ordain as follows:

SECTION 1

Section **34.134** of the Municipal Code of the Village of Pewaukee is amended to read as follows:

Section 34.134 Inspection fee payment procedure.

Inspection fees shall be billed out <u>as part of the annual real estate property tax bill for the</u> <u>following year fire inspection feeat the end of the first quarter of each year, which concludes on</u> March 31. Payment for such bills will be due within 30 days of the billing date. The annual fire prevention inspection fee shall constitute a special charge for current services against the property pursuant to Wis. Stats. § 66.0627. Any fees remaining unpaid as of November 1 of each year shall be placed on the annual tax roll through Waukesha County for collection as a special charge together with an administrative fee of \$25.00 per invoice. All proceedings related to the collection of real estate taxes shall apply to the collection of such fees.

SECTION 2

All ordinances or parts of ordinances contravening the terms and conditions of this ordinance are hereby to that extent repealed.

SECTION 3

The several sections of this Ordinance are declared to be severable. If any section, sub-section or paragraph of this Ordinance shall be declared by a decision of a Court of Competent Jurisdiction to be invalid, such decision shall not affect the validity of other provisions of this Ordinance or the section of which the invalid portion or paragraph may be a part.

SECTION 4

This Ordinance shall take effect immediately for upon its passage, publication and/or posting as required by law.

Adopted this _____ day of _____, 2022.

Jeffrey Knutson, Village of Pewaukee President

ATTEST:

I

Cassie Smith Village Clerk

- To: Jeff Knutson, President Village Board
- From: Scott A. Gosse Village Administrator

Date: August 15, 2022

Re: Agenda Item <u>7b</u>, Discussion and Review of Draft Equipment Replacement and Capital Improvement Plan

BACKGROUND

Earlier this year the Village Board review a preliminary Capital Improvement Program (CIP)/Equipment Replacement Program as recommended by the Public Works & Safety Committee. Attached please find a revised CIP/Equipment Replacement schedule which includes inflationary estimates for the road and utility infrastructure projects as requested by the Public Works & Safety Committee. Also included in the attached, at the Village Board's request, is the proposed use of ARPA funds.

ACTION REQUESTED

This matter is before the Village Board to review the draft CIP/Equipment Replacement program and provide direction/feedback on the draft plans.

ANALYSIS

As noted above, estimates have been incorporated for inflation for 2023 and beyond for road/utility projects. Additionally, the proposed use of ARPA funds and related projects have been incorporated into the Equipment Replacement program (including Village Hall/PD maintenance related projects).

Re: Agenda Item <u>7c</u>, Discussion and Direction on ARPA Funds

BACKGROUND

Earlier this year the Village Board review a preliminary list of possible ARPA funded projects from the Village's \$849,175 in ARPA funds. Staff has revised this list to include additional possible projects related to Village Hall/Police Department building maintenance items as well as including an estimated amount to purchase vehicle barriers like those purchased by the City of Waukesha and Wisconsin State Fair Park. A copy of the revised list is included for your review and consideration.

ACTION REQUESTED

This matter is before the Village Board to begin discussion on the options for the use of SLFRF funds and obtain direction from the Village Board on how to proceed.

ANALYSIS

Attached for your review and consideration please find a copy of proposed uses for the ARPA funds that would reduce the impact on the annual General Fund budget (resulting in a reduced impact on the pressure of property tax levy limits). The proposed uses of the funds were obtained from future capital related items submitted by Department Heads as part of the 10-year Capital/Equipment Planning that fit within the "allowable use of funds" as well as recommendations from the recently completed building assessment from Facility Services Group (recommendations included in the attached use of ARPA funds are related to levy impact items and not utility related items). Not included in the attached list is a dollar estimate for a digital meeting room setup for the Village Board Room.

The attached listing, which includes items already approved by the Village Board, total \$857,524 which exceeds the Village's ARPA allocation of \$849,175.68 by \$8,348.84. Please note that ARPA recipients have until December 31, 2024 to allocate/obligate ARPA funds with the funds needing to be expensed by December 31, 2026.

Re:	Agenda Item <u>8a</u> , Discussion and Possible Action on Digital Delivery of Village Meetings

BACKGROUND

Over the last 5 months, staff and designated Trustees had met with various companies that offer digital options for streaming and delivering digital meetings.

Trustee Krasovich and I met with Smart Spaces, a local company out of Waukesha. Smart Spaces has been very responsive to the needs of the Village while trying to work with the Village regarding the project cost and saving money where possible. At our request they provided three quotes, the main proposal has been broken out to include three options and additional add-ons:

- The initial quote included a 98" LCD TV monitor with components to record and stream the meeting seamlessly with touch screen interaction. Two other options for viewing digital content include a 75" monitor and a projector. Prices vary due to changing the equipment used to view the content ranging from \$37,304.83, \$29,730.61, and \$27,498.88 respectively.
- Additional Option 1 includes providing each member with a gooseneck microphone and a charging station. This should help with the static within the current system.
- Additional Option 2 includes an easy-to-use touch panel with a high-definition video camera that has the ability to zoom in and move to different points within the room.
- Additional Option 3 includes an option to allow a presenter to remote in during their presentation to the Village.

Smart Spaces includes a 1-year all-inclusive service which can be extended yearly for an estimated cost of \$2,000-\$2,500 annually and the company offers a bulk hour option where the Village could buy a number of hours to use throughout a specific timeframe. Hourly costs for services range from \$110-\$160 per hour.

The best estimates the provider could give regarding the life of the equipment is estimated to be around 5 years before we would need to look at new technology/equipment. The project can be set up with the ability to add additional equipment in the future if desired.

Smart Spaces has outfitted the Village of Hartland and Village of Bayside. If favored a visit could be set up to view the system installed and get feedback from the staff who use it.

Our team is still waiting for one quote which can be presented at a later date.

Analysis:

Staff is seeking direction on proceeding with digitizing the Village meetings for recording and streaming meetings to Village residents. Smart Spaces has provided 3 separate quotes to give options for the scope of work as directed.

In summary, the proposals would allow for the Village to record meetings to post for Village residents to view without having to attend meetings in person.

Action:

This item is on the agenda as a possible action in the event the Village Board desires to proceed, otherwise direction on how the Village Board wishes to proceed with the digital delivery of meetings.

S1847 AV for Council Chamber

Village of Pewaukee

235 Hickory Street Pewaukee, WI 53072 US

Village of Pewaukee: Council Chambers

\$37,304.83

Smart Spaces will install (1) 98" Ultra High-Definition Commercial Grade Monitor and (1) new tilt mount. Smart Spaces will install (1) new Barco Click Share wireless presentation system with (1) new button and (1) new button holder. In addition, Smart Spaces will supply (2) new USB C to A adapters for PC's that do not have a USB C connector on them. Smart Spaces will remove the existing Shure SCM810 and the DBX AFS2 and return to the client. Smart Spaces will install (1) new DSP "Digital Signal Processor" for proper audio processing of the system. In addition, Smart Spaces will remove the existing projection screen and return to the client, client is responsible for any patching and painting required when the projection screen is removed. Smart Spaces will install (1) new Streaming Media Processor that is compatible with You Tube and most other media platforms. This streaming media processor can stream and record at the same time. Smart Spaces will reuse the existing (6) wireless microphones, (2) antenna splitters, (1) audio amplifier and (4) speakers that are currently in the system. Control of the system will be with (1) new 10" wall mounted touch panel, in addition Smart Spaces will supply and install (1) new iPad for control of the system from anywhere in the room. This will include (1) new Base Station and a charging case. This iPad will mirror the wall mounted touch panel with all the same functionality. Professional grade surge protection will be installed to protect the equipment from power surges and spikes. All power and data required at the display location will be provided by others.

Terms and Conditions

Signature of proposal or receipt of customer purchase order binds client to the following terms and conditions.

Peace of Mind SMART SPACES AV Warranty

All work is warranted by SMART SPACES to be free from defects in materials or workmanship for a period of twelve (12) months from date of delivery /or substantial completion, or for the length of manufacturers stated warranty (whichever is longest, for parts only, labor is for 12 months only). No agent or representative of SMART SPACES is authorized to make any additional representations or warranties unless in

writing and made part of these terms and conditions of sale.

System Design Goals

There are two primary principles which determine the content of your system.

- First, we create a system design that precisely matches your individual needs and wants for video, sound and styling.
- Second, we make every attempt to insure that the system is as easy to operate as possible so it will be used and enjoyed more often than a system that is complicated and difficult to use.
- With this in mind, we have recommended a combination of components that will provide the highest level of performance with a minimum amount of user operation. You are assured of receiving the maximum value for your investment.

Optimum Performance and Seamless Integration

• Your system has been carefully engineered to blend with the architecture and interior decor of your home or office, while providing the best possible performance. Our system designer will work with yours or BSI's architect (if part of contract scope), interior decorator, builder or cabinetered to accure that the system installation mosts their and your acethetic requirements.

cabinetmaker to assure that the system installation meets their and your aesthetic requirements.

- Installation, Services and Responsibilities
- Supervise all phases of the installation
- Review blueprints of equipment cabinetry, for proper dimensions, ventilation and wire management.
- Coordinate work performed by other trades, such as electrical service requirements, carpentry. etc.
- Exclusions: Not included in the scope of work unless called for in Attachment 1, or included in a separate SMART SPACES construction/electrical contract:
 - All conduits, high voltage, wiring panels, breakers, relays, boxes, receptacles, etc.
 - Concrete saw cutting and/or core drilling
 - Fire wall, ceiling, roof and floor penetration
 - Necessary gypsum board replacement and/or repair
 - Necessary ceiling tile or T-bar modifications, replacements and/or repair
 - Structural support of equipment *SMART SPACES is not responsible for building related vibrations
 - All millwork (moldings, trim, cut outs, etc.)
 - Patching and Painting
 - Permits (unless specifically provided for and identified within the contract)
 - Unless otherwise stated the pricing in this agreement does not include prevailing wage or union labor
 - Unless specifically noted lifts and scaffolding are not included.

End User Training Included

- Equipment and system overview
- Equipment operation and function
- Equipment start up, stop, and shut down
- Equipment automatic and manual operation
- Discussion and documentation relating to control system operation
- Discussion and documentation relating to system processor and its control applications
- Powering up, powering down AV system via control system
- Manual operation of display systems, audio system and all other related components

Assumptions

- The room(s) match(es) the drawings provided
- Site preparation by the Customer and their contractors includes electrical and data placement per SMART SPACES specification, if

SMART SPACES is not providing electrical and data placements.

- Customer communication of readiness will be considered accurate and executable by SMART SPACES project manager.
- If Customer furnished equipment and existing cabling is to be used, SMART SPACES assumes that these items are in good working
 condition at this time and will integrate into the designed solution. Any repair, replacement and/or configuration of these items that may be
 necessary will be made at an additional cost.
- All Network configurations including IP addresses are to be provided, operational and functional before SMART SPACES integration begins. SMART SPACES will not be responsible for testing the LAN connections.
- Cable or Satellite drops must be in place with converter boxes operational before the completion of integration. Any delay resulting in extra work caused by late arrival of these items will result in a change order for time and materials.
- A documented Change Control process will be used when possible the Customer will have an assigned person with the authority to communicate/approve project Field Directed Change Orders and Contract Change Orders.

<u>Delays</u>

- If delivery cannot be made as scheduled (due to non-SMART SPACES related conditions) buyer will pay any applicable warehousing and
 redelivery charges. The product will be made available for inspection at the designated storage facility and will be invoiced according to
 original schedule and payment terms.
- Rescheduling and redeployment of BSI technicians due to unacceptable site preparation may cause scheduling delays and Customer will be charged a re-mobilization fee to offset the lost time due to the lack of readiness.

Safety & Storage

- Purchaser agrees to furnish a safe place for storage of BSI supplies and equipment as well as all furnishings and materials, described herein. In addition, supply without cost; necessary light, heat, power, elevator service and a safe environment for SMART SPACES and its associates. SMART SPACES associates shall be informed by the owner of all hazardous substances which they may come in contact with at the site.
- The site shall be clean, clear and free of debris prior to commencement of work. Adequate facilities for off-loading, staging, moving and handling shall be provided.
- After arrival at site, any loss or damages by weather, fire or other elements, other trades, or buyers' personnel, shall be the responsibility
 of the buyer. On drop shipments not installed by SMART SPACES, client is responsible to receive, unload, inspect, deliver and install the
 product. Client must notify SMART SPACES, in writing, of any claim for damages to goods within 2 days of drop ship delivery, to be
 eligible for filing a freight claim. In the event of damages SMART SPACES reserves the right to repair damaged product or replace the

item as deemed appropriate by SMART SPACES.

Asbestos/Mold

 In the event it shall be determined or found during the course of SMART SPACES performance of this contract that there is asbestos or mold in the area of the work being so performed, it is understood and agreed that SMART SPACES shall discontinue its work until such time as the asbestos or mold is removed by owner and/or general contractor with whom this contract is being made. In the event the asbestos or mold is not so removed or other suitable arrangements are not made, this contract shall then terminate and SMART SPACES shall then be paid for the work performed by it up to the time of the termination of its performance. SMART SPACES shall not be responsible for the removal, cost of removal or the cost of any construction delays which shall be caused, incurred and/or sustained by

reason of the presence of asbestos or mold on the subject premises.

After asbestos containing materials or mold has been removed by a qualified abatement contractor, the owner shall provide SMART SPACES with a written air clearance sample results (as determined by laboratory analysis) that are no greater than 0.01 fibers per cubic

centimeter as analyzed by phase contrast microscopy or as accepted by EPA transmission electron microscopy clearance standard. Changes

- All change orders or proposals for additional work must be signed before work will commence. No credit allowance shall be made for alterations, unless such credit or allowance has been agreed to by SMART SPACES in writing.
- All additions, amendments, or changes of any manner whatsoever, subsequent to this contract, shall be now and at all times subject to the provisions, restrictions, limitations, conditions and remedies provided for in this contract, whether or not such orders, additions, amendments or changes be evidenced by further writings.
- In the event a cancellation must be made after this proposal is approved and submitted by the purchaser to SMART SPACES, it is understood and agreed that SMART SPACES will be paid for materials ordered, all stock inventory and all work already accomplished on the project to date of cancellation, as well as all manufacturer cancellation/change penalties.

Terms of Payment

- 50% due at time of order for projects under \$250,000. For projects over \$250,000, 1/3 due at order, 1/3 due at receiving of product, and the final 1/3 due at project completion.
- All invoices due within 30 days of receipt. 2.5% interest will be charged on all delinquent payments.

Village of Pewaukee: Council Chambers

Smart Spaces will install (1) 75" Ultra High-Definition Commercial Grade Monitor and (1) new tilt mount. Smart Spaces will install (1) new Barco Click Share wireless presentation system with (1) new button and (1) new button holder. In addition, Smart Spaces will supply (2) new USB C to A adapters for PC's that do not have a USB C connector on them. Smart Spaces will remove the existing Shure SCM810 and the DBX AFS2 and return to the client. Smart Spaces will install (1) new DSP "Digital Signal Processor" for proper audio processing of the system. In addition, Smart Spaces will remove the existing projection screen and return to the client, client is responsible for any patching and painting required when the projection screen is removed. Smart Spaces will install (1) new Streaming Media Processor that is compatible with You Tube and most other media platforms. This streaming media processor can stream and record at the same time. Smart Spaces will reuse the existing (6) wireless microphones, (2) antenna splitters, (1) audio amplifier and (4) speakers that are currently in the system. Control of the system will be with (1) new 10" wall mounted touch panel, in addition Smart Spaces will supply and install (1) new iPad for control of the system from anywhere in the room. This will include (1) new Base Station and a charging case. This iPad will mirror the wall mounted touch panel with all the same functionality. Professional grade surge protection will be installed to protect the equipment from power surges and spikes. All power and data required at the display location will be provided by others.

In addition, Smart Spaces will supply (2) new USB C to A adapters for PC's that do not have a USB C connector on them. Smart Spaces will remove the existing Shure SCM810 and the DBX AFS2 and return to the client. Smart Spaces will install (1) new DSP "Digital Signal Processor" for proper audio processing of the system. In addition, Smart Spaces will remove the existing projection screen and return to the client, client is responsible for any patching and painting required when the projection screen is removed. Smart Spaces will install (1) new Streaming Media Processor that is compatible with You Tube and most other media platforms. This streaming media processor can stream and record at the same time. Smart Spaces will reuse the existing (6) wireless microphones, (2) antenna splitters, (1) audio amplifier and (4) speakers that are currently in the system. Control of the system will be with (1) new 10" wall mounted touch panel, in addition Smart Spaces will supply and install (1) new iPad for control of the system from anywhere in the room. This will include (1) new Base Station and a charging case. This iPad will mirror the wall mounted touch panel with all the same functionality. Professional grade surge protection will be installed to protect the equipment from power surges and spikes. All power and data required at the display location will be provided by others.

S1847 AV for Council Chamber -OFE Projector

Village of Pewaukee 235 Hickory Street Pewaukee, WI 53072 US

Terms and Conditions

Signature of proposal or receipt of customer purchase order binds client to the following terms and conditions.

Peace of Mind SMART SPACES AV Warranty

All work is warranted by SMART SPACES to be free from defects in materials or workmanship for a period of twelve (12) months from date of delivery /or substantial completion, or for the length of manufacturers stated warranty (whichever is longest, for parts only, labor is for 12 months only). No agent or representative of SMART SPACES is authorized to make any additional representations or warranties unless in

writing and made part of these terms and conditions of sale.

System Design Goals

There are two primary principles which determine the content of your system.

- First, we create a system design that precisely matches your individual needs and wants for video, sound and styling.
- Second, we make every attempt to insure that the system is as easy to operate as possible so it will be used and enjoyed more often than a system that is complicated and difficult to use.
- With this in mind, we have recommended a combination of components that will provide the highest level of performance with a minimum amount of user operation. You are assured of receiving the maximum value for your investment.

Optimum Performance and Seamless Integration

Your system has been carefully engineered to blend with the architecture and interior decor of your home or office, while providing the best
possible performance. Our system designer will work with yours or BSI's architect (if part of contract scope), interior decorator, builder or
cabinetmaker to assure that the system installation meets their and your aesthetic requirements.

Installation, Services and Responsibilities

- Supervise all phases of the installation
- Review blueprints of equipment cabinetry, for proper dimensions, ventilation and wire management.
- Coordinate work performed by other trades, such as electrical service requirements, carpentry. etc.
- Exclusions: Not included in the scope of work unless called for in Attachment 1, or included in a separate SMART SPACES construction/electrical contract:
 - All conduits, high voltage, wiring panels, breakers, relays, boxes, receptacles, etc.
 - Concrete saw cutting and/or core drilling
 - Fire wall, ceiling, roof and floor penetration
 - Necessary gypsum board replacement and/or repair
 - Necessary ceiling tile or T-bar modifications, replacements and/or repair
 - Structural support of equipment *SMART SPACES is not responsible for building related vibrations
 - All millwork (moldings, trim, cut outs, etc.)
 - Patching and Painting
 - Permits (unless specifically provided for and identified within the contract)
 - Unless otherwise stated the pricing in this agreement does not include prevailing wage or union labor
 - Unless specifically noted lifts and scaffolding are not included.
- End User Training Included
- Equipment and system overview
- Equipment operation and function
- Equipment start up, stop, and shut down
- Equipment automatic and manual operation
- Discussion and documentation relating to control system operation
- Discussion and documentation relating to system processor and its control applications
- Powering up, powering down AV system via control system
- Manual operation of display systems, audio system and all other related components
- Assumptions
- The room(s) match(es) the drawings provided
- Site preparation by the Customer and their contractors includes electrical and data placement per SMART SPACES specification, if

SMART SPACES is not providing electrical and data placements.

- Customer communication of readiness will be considered accurate and executable by SMART SPACES project manager.
- If Customer furnished equipment and existing cabling is to be used, SMART SPACES assumes that these items are in good working
 condition at this time and will integrate into the designed solution. Any repair, replacement and/or configuration of these items that may be
 necessary will be made at an additional cost.
- All Network configurations including IP addresses are to be provided, operational and functional before SMART SPACES integration begins. SMART SPACES will not be responsible for testing the LAN connections.
- Cable or Satellite drops must be in place with converter boxes operational before the completion of integration. Any delay resulting in extra work caused by late arrival of these items will result in a change order for time and materials.
- A documented Change Control process will be used when possible the Customer will have an assigned person with the authority to communicate/approve project Field Directed Change Orders and Contract Change Orders.

<u>Delays</u>

- If delivery cannot be made as scheduled (due to non-SMART SPACES related conditions) buyer will pay any applicable warehousing and
 redelivery charges. The product will be made available for inspection at the designated storage facility and will be invoiced according to
 original schedule and payment terms.
- Rescheduling and redeployment of BSI technicians due to unacceptable site preparation may cause scheduling delays and Customer will be charged a re-mobilization fee to offset the lost time due to the lack of readiness.

Safety & Storage

- Purchaser agrees to furnish a safe place for storage of BSI supplies and equipment as well as all furnishings and materials, described herein. In addition, supply without cost; necessary light, heat, power, elevator service and a safe environment for SMART SPACES and its associates. SMART SPACES associates shall be informed by the owner of all hazardous substances which they may come in contact with at the site.
- The site shall be clean, clear and free of debris prior to commencement of work. Adequate facilities for off-loading, staging, moving and handling shall be provided.
- After arrival at site, any loss or damages by weather, fire or other elements, other trades, or buyers' personnel, shall be the responsibility of the buyer. On drop shipments not installed by SMART SPACES, client is responsible to receive, unload, inspect, deliver and install the product. Client must notify SMART SPACES, in writing, of any claim for damages to goods within 2 days of drop ship delivery, to be eligible for filing a freight claim. In the event of damages SMART SPACES reserves the right to repair damaged product or replace the

item as deemed appropriate by SMART SPACES.

Asbestos/Mold

 In the event it shall be determined or found during the course of SMART SPACES performance of this contract that there is asbestos or mold in the area of the work being so performed, it is understood and agreed that SMART SPACES shall discontinue its work until such time as the asbestos or mold is removed by owner and/or general contractor with whom this contract is being made. In the event the asbestos or mold is not so removed or other suitable arrangements are not made, this contract shall then terminate and SMART SPACES shall then be paid for the work performed by it up to the time of the termination of its performance. SMART SPACES shall not be responsible for the removal, cost of removal or the cost of any construction delays which shall be caused, incurred and/or sustained by

reason of the presence of asbestos or mold on the subject premises.

After asbestos containing materials or mold has been removed by a qualified abatement contractor, the owner shall provide SMART SPACES with a written air clearance sample results (as determined by laboratory analysis) that are no greater than 0.01 fibers per cubic

centimeter as analyzed by phase contrast microscopy or as accepted by EPA transmission electron microscopy clearance standard. Changes

- All change orders or proposals for additional work must be signed before work will commence. No credit allowance shall be made for alterations, unless such credit or allowance has been agreed to by SMART SPACES in writing.
- All additions, amendments, or changes of any manner whatsoever, subsequent to this contract, shall be now and at all times subject to the
 provisions, restrictions, limitations, conditions and remedies provided for in this contract, whether or not such orders, additions,
 amendments or changes be evidenced by further writings.
- In the event a cancellation must be made after this proposal is approved and submitted by the purchaser to SMART SPACES, it is understood and agreed that SMART SPACES will be paid for materials ordered, all stock inventory and all work already accomplished on the project to date of cancellation, as well as all manufacturer cancellation/change penalties.

Terms of Payment

- 50% due at time of order for projects under \$250,000. For projects over \$250,000, 1/3 due at order, 1/3 due at receiving of product, and the final 1/3 due at project completion.
- All invoices due within 30 days of receipt. 2.5% interest will be charged on all delinquent payments.

Re: Agenda Item <u>8b</u>, Discussion and Possible Action Regarding Scheduling 2023 Budget Workshops

BACKGROUND

Budget season is upon us and staff has been working on budget submittals. Staff anticipates distributing a draft 2023 budget as part of the September 6, 2022 Village Board meeting packet. In past years, the Village Board incorporated the budget review as part of the regular Village Board agenda with specific departments slated for review on different meeting dates.

Staff proposes the following schedule for Department budget reviews:

September 6th - Police Department and Library September 20th – General Administration and Park & Rec October 4th – DPW, Water, Sewer, Storm Water, and Transportation Utilities October 18th – continued discussion November 2nd – continued discussion November 15 (tentative) – Village Board public hearing/action on proposed 2023 budget.

ACTION REQUESTED

The action requested of the Village Board is to establish a schedule for the 2023 budget workshops.
